## Chapter 1: Links, images, tables

This is the body of the document.

Just a simple table:

a	b	c
d	e	f

Another table, but data comes from external CSV file:

pin	signal_name	rating
1	VCC	200mA
2	Trigger	1mA
3	Data1	1mA
4	GND	200mA

# Headers and Text

## Level 1 Section Title

### Level 2 Section Title

#### Level 3 Section Title

##### Level 4 Section Title

##### Level 5 Section Title

A normal paragraph.

A literal paragraph.  
One or more consecutive lines indented by at least one space.

The text is shown in a fixed-width (typically monospace) font.  
The lines are preformatted (i.e., as formatted in the source).  
Spaces and newlines,  
like the ones in this sentence,  
are preserved.

It has **strong** significance to me.

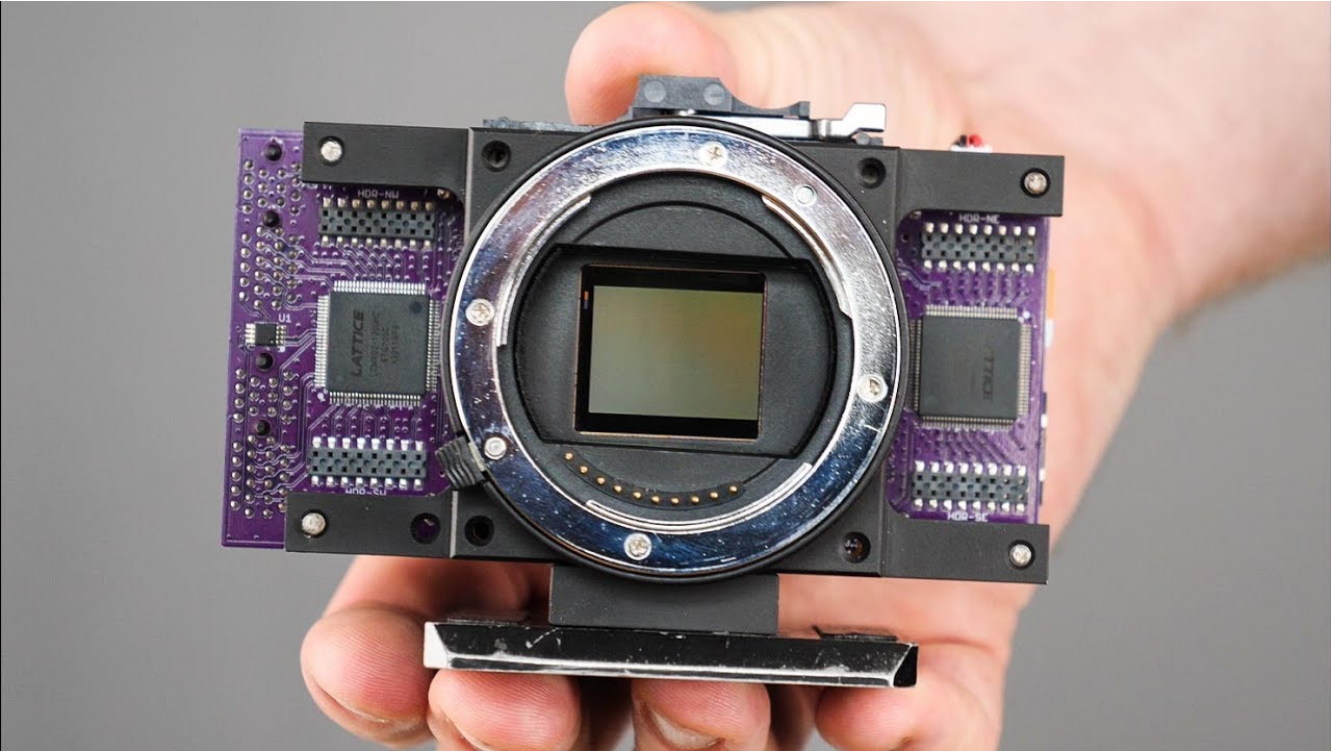

I *cannot* stress this enough.

Type **OK** to accept.

That **really** has to go.

Can't pick one? Let's use them **a11**.
